WE STRIVE TO

MAKE IT EASY

We strive to exceed our customers' expectations by providing easy and exceptional service.

MAKE IT EXCELLENT

We strive towards helping our customers build and operate excellent performing buildings.

MAKE IT EFFICIENT

We strive to provide the most cost-effective and efficient building solutions for the life of our customer's facilities

Since 1906 The Waldinger Corporation has grown to become a leading service provider for commercial and industrial air conditioning, heating, refrigeration, controls, piping, plumbing, food service, and electrical systems. As one of our nation's premier mechanical, sheet metal and electrical contractors, we take pride in creating and maintaining exceptional environments and relationships for life.

THE WALDINGER ADVANTAGE

The Waldinger Corporation has the experience and insight to optimize the planning and execution of projects, system startup, and commissioning, as well as maintenance activities.

Our solutions will help you lower your operational costs, increase equipment reliability and improve competitiveness. For existing equipment maintenance.

INDUSTRY RECOGNITION

Waldinger was awarded Panduit's North Central Region Contractor Partner of the Year. Panduit is a recognized leader in global manufacturing of infrastructure network cabling solutions.

"I continue to be impressed by your Waldinger team on our projects for some great clients!"

Matt Brown, AIA
President – Formation Group
